Ten per cent. penalty is to be added to all taxes not paid before the 15th instant.

George W. Smith, chairman of the public affairs committee of the Merchants' Association, has submitted to that body the question of keeping retail stores open in the evening. The argument in favor of the proposition is that the American dealers should not leave the trade of the army and navy people to the Asiatic storekeepers who keep shop nights.

Property and income taxes must be paid on or before the 15th instant, or ten per cent. will be added.

Three Chaldean priests are working the town for aid to an orphan's hospital and home in their country. Mayor Fern has certified under the city seal on their begging paper that the priests are what they represent themselves to be. Some time ago a cleric from Mesopotamia or some other old place in the ancient world was here on a mission but was discounted as a fraud. On the mainland the woods are full of such characters.

Meats, vegetables, dairy specialties, etc., served at Nolte's are home products. Only the best sent to the table.

At a meeting of the directors of the Hawaiian Star Newspaper Association yesterday afternoon E. Wolff was elected auditor. In place of Charles H. Atherton, who resigned. Frank C. The assessor is determined to get in the taxes. If you have any due, pay before the 15th, or ten per cent. will be added.

The Government water supplying Manoa and College Hills will be shut off from 8:30 a. m. to 12 m. on Sunday, November 14th, 1909 while making repairs to the main pipe line.

Nolte's is the one place in Honolulu where a business man may obtain a standard meal at a moderate price without losing a lot of valuable time in the bargain.

The Royal Hawaiian Garage, George S. Wells, manager, is noted for the excellence of its gears and all other parts of automobiles made in its shop. This shop, by the way, is the most up-to-date and complete in Honolulu. There is also connected with this garage the finest cars—Locomotives and Rammers—to be had for hire, all of them new and stylish.

HUDDY BECOMES A SUPERVISOR

LANTERN SLIDES ARE WANTED FOR THE SETTLEMENT

Superintendent Jack McVeigh would be pleased to receive contributions of lantern slides from any who have such, to supplement the moving picture show at the leper settlement. He has received some slides from Ed Towse but can make good use of more from other benevolently inclined amateur lantern-owners.

There is no lack of interest in the moving picture show on the part of the settlement inmates. Every exhibition is crowded. New views are received every week, so there is no fear that the show will grow stale.

TAXES COMING IN

There is a steady but not stressful procession up to the tax pay wickets. Monday, the last day before delinquency, will probably see a repetition of the crush of former like dates.

Up to the close of business yesterday afternoon, the collections since the final spurt began amounted to about \$190,000. Last year the property and income taxes for the six months ended December 31 amounted to about \$416,000. For the same period this year, following the increase of the first half of the year, they ought to be considerably more than that amount. In addition to the ordinary taxes there is the conservation tax paid by corporations this year, the proceeds of which go exclusively to agricultural development and immigration.

REHEARING DENIED

This morning the Supreme Court in the following memorandum denied a rehearing of the case of Jim Ah Hoy against Dr. J. H. Raymond, a meat market controversy, which had been asked by plaintiff:

Jim Ah Hoy vs. J. H. Raymond. Exceptions from Circuit Court, First Circuit. Petition for rehearing filed November 11, 1909. Decided November 13, 1909. Hartwell, C. J., Wilder and Perry J.J. Per curiam: The parol evidence tending to show that the assignment of the lease was "as security only" was brought out on cross-examination by defendant, but the instructions leaving the jury at liberty to find, upon that evidence, that the assignment was inoperative as such, were given over defendant's objection. The evidence of absence of consideration for the bill of sale, while not admissible for the purpose of defeating the operation of the instrument, was admissible, with other evidence, in support of an attempt to show that the instrument was obtained by fraud. In the opinion read as a whole, with the syllabus, it is so held. The other grounds of the petition do not need mention. The petition for rehearing is denied with out argument under Rule 5. Cathcart & Milverton for plaintiff; A. G. M. Robertson for defendant.
